## Description

The Enkhuizen 630 Tender Lounge is designed for those who are looking for space, comfort and sailing characteristics at hearing level. This elegant Lounge boat combines a shallow draft with excellent manoeuvrability, a spacious and comfortable interior and a generous lounge layout. Thanks to its stable and course-stable hull shape, the 630 Lounge is not only relaxed, but also fast and efficient to sail. A boat where performance and comfort come together seamlessly.

Our team certainly did not have an easy task. In addition to the above requirements, it also had to take into account the wishes of a number of our loyal customers, who have been closely involved in the design from the start. And of course, the shipyard itself also had a large number of wishes and requirements. The new model not only had to be easy to build, but of course also had to achieve the high quality with which the Enkhuizen sloops have become known. "Some wishes are difficult to combine," says the team about this design assignment. "Enkhuizen sloops can withstand a lot of wind, so they remain easy to steer and safe. This requires a certain hull shape and a sophisticated underwater hull. In addition, our customers want a spacious and comfortable interior that is equipped with all modern conveniences. To combine all those wishes sometimes requires some creativity," he says with a sense of understatement.

In addition to the high standard level, the owner can vary greatly in the interior. For example, you can choose from various shapes of entry steps, galley boxes, steering consoles and engine boxes. This gives each Enkhuizen 630 lounge its own look, especially if the upholstery and hull colors are also taken into account. In addition, the Enkhuizen 630 lounge can be equipped with a choice of real solid teak or artificial teak.

## Information & Features

### 2026 Vetus (Engine 1)

Engine Type:	<b>Inboard</b>	Power:	<b>16 hp</b>
Fuel Type:	<b>Diesel</b>		
Drive Type:	<b>Shaft Drive</b>		

### Dimensions

LOA:	<b>21 ft</b>	Max Draft:	<b>1 ft 10 in</b>
Beam:	<b>7 ft 5 in</b>		
Max Bridge Clearance:	<b>3 ft 5 in</b>		

### Seating

Seating Capacity: **8**

### Other

Designer:	<b>Enkhuizensloep</b>
Builder:	<b>Enkhuizensloep</b>

## STANDARD EQUIPMENT

### Dimensions

Length overall: 6.40 meters

Width: 2.25 meters

Draught: 0.55 meters

Vertical clearance: approx. 1.05 meters

Weight: approx. 1200 kg

CE category: C

Maximum number of persons: 8

### Propulsion

Standard version with VETUS 16hp 2 cyl. Diesel engine

Environmentally friendly, water-lubricated propeller shaft system

Water separator and coarse filter

Fuel tank 60 liters with fuel shut-off valve

### Equipment

Clinkered polyester hull

Polyester inner shell

Fully foamed, vibration-reducing engine foundation

Continuous, spacious ballasted keel

Hydraulic steering system with polyester steering position

Instrument panel with start lock, rev/hour counter and indicator lights

Integrated swimming platform with stainless steel bumper all around

Stainless steel profiled rudder blade

Antifouling

Three large stainless steel stainless steel Bollards

Two stainless steel bow lights

Four stainless steel Snap-On deck eye

Stainless steel stern fittings with towing eye

Maintenance-free start battery, incl. main switch

Extra sound insulation in the engine box

### Woodwork

Solid teak gunwale

Teak on the engine box

Two teak steps with storage space

### Comfort

Spray hood with stainless steel frame and zip-in rear rug

Stainless steel rear railing with raised back cushion

Storage space, front, back and under the benches

Front and back comfortable round benches

Seat-back cushions, water resistant

### Safety

Navigation lighting

Fire extinguisher with break glass

Electric bilge pump with float switch automatic

Robust stainless steel heel for extra protection of screw and rudder

## OPTIONAL EXTRAS

### Propulsion

- Standard version with VETUS 27hp 3 cyl. Diesel engine
- Standard version with YANMAR 29hp 3 cyl. Diesel engine
- Standard version with VETUS 42hp 4 cyl. Diesel engine
- Standard version with VETUS 52hp 4 cyl. Diesel engine
